Sir:

INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. § 1.97(c)

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(c), applicants bring to the attention of the Examiner the documents on the attached listing. This Information Disclosure Statement is being filed after the events recited in Section 1.97(b) but, to the undersigned's knowledge, before the mailing date of either a Final action, Quayle action, or a Notice of Allowance. Under the provisions of 37 C.F.R. § 1.97(c), this Information Disclosure Statement includes a certification as specified by Section 1.97(e).

Each document listed in this Information Disclosure Statement was first cited in a Notice of Reason for Rejection issued by the Japanese Patent Office on September 1, 2006, in a counterpart Japanese application, and this Information Disclosure Statement is being filed within three months of the mailing date of the Notice.

Copies of the listed foreign and non-patent literature documents are attached. A copy of the listed U.S. patent is not enclosed.

Applicants respectfully request that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached form.

In lieu of a statement of relevance or translation of the non-English document, an English-language version of the Notice of Reason for Rejection issued by the Japanese Patent Office in the counterpart Japanese application citing the document and setting forth the relevance thereof is enclosed. In addition, an English-language abstract of the listed foreign document is provided.

Further, applicants note that that U.S. Patent No. 5,572,635 appears to correspond to Japanese Publication No. 4-358291, both documents being listed on the attached listing.

Applicants note that the Notice also lists and discusses JP 6-70267. However, since JP 6-70267 was previously cited in the Information Disclosure Statement filed July 3, 2003, it is not included in the attached listing.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claims in the application and applicants determine that the cited documents do not constitute "prior art" under United States law, applicants reserve the right to present to the office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

If there is any fee due in connection with the filing of this Statement, please charge the fee to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
GARRETT & DUNNER, L.L.P.
